

Candidate R001

Synthetic candidate profile

EMPLOYMENT HISTORY

Legal Secretary | Nebraska State Court System | 2014-06 to 2022-12

Managed 500+ case files annually, processed 1,200+ legal documents, and coordinated schedules for 3 judges. Reduced filing errors by 30% through meticulous attention to detail.

Freelance TypeScript Developer | Self-employed | 2023-01 to Present

Developed a desktop app for a local business using Electron and Vue.js, integrating WebSockets for real-time updates. Implemented code splitting and lazy loading to cut initial load time by 40%.

SKILLS

Vue.js; Node.js; JavaScript (ES6+); TypeScript; Electron; Unit testing; Integration testing; End-to-end testing; WebSockets; Build automation (CI/CD); Bundlers (Webpack, Vite, Rollup); Code splitting; Lazy loading; Promises; Redux DevTools; Jira; GraphQL Playground

EDUCATION

Associate of Science | Computer Science | Southeast Community College

2019-09 to 2021-06

Bachelor of Science | Computer Science | University of Nebraska-Lincoln

2021-09 to 2023-06

PROJECTS

Case Management Desktop App

Built an Electron-based app to digitize case files, using Vue.js, Node.js, and WebSockets for live updates. Reduced document retrieval time by 70%.

Real-time Dashboard

Created a dashboard for a local startup using Vue.js, GraphQL Playground, and Redux DevTools. Implemented CI/CD pipelines to automate deployment.

CERTIFICATIONS

Certified JavaScript Developer

Issued by Certification Authority.
