

Candidate E003

Synthetic candidate profile

EMPLOYMENT HISTORY

Senior Full Stack Developer | Family-Owned Local Business | 2021-03 to Present

Leading the frontend architecture for our e-commerce platform, building with Next.js and Angular while also designing and implementing GraphQL APIs, ensuring cross-browser compatibility and responsive design across all devices.

Full Stack Developer | Local Solutions Inc. | 2016-04 to 2021-02

Worked on a variety of client projects, from small business websites to internal tools, where I honed my skills in REST API design, PostgreSQL, and Redis, and gained exposure to microservices architecture.

Junior Full Stack Developer | Boutique Web Agency | 2014-02 to 2016-03

Started my career at a small agency where I built and maintained websites for local businesses, using Angular and basic backend technologies, and learned the importance of cross-browser compatibility and responsive design.

SKILLS

Next.js; Angular; GraphQL; REST API design; PostgreSQL; Redis; Microservices architecture; Authorization (RBAC, ABAC); Responsive design; Cross-browser compatibility; CI/CD pipelines; Google Cloud Platform; Firebase; Datadog; Sentry; npm/yarn/pnpm; VS Code; Slack

EDUCATION

Bachelor of Arts | Computer Science | Private Liberal Arts College

2010-09 to 2014-06

PROJECTS

E-commerce Platform Overhaul

Moved the company's e-commerce platform to a microservices architecture with Next.js and GraphQL, improving performance and maintainability. Technologies used: PostgreSQL, Redis, Docker.

CERTIFICATIONS

AWS Certified Developer – Associate

Issued by Amazon Web Services.
