

Candidate P021

Synthetic candidate profile

EMPLOYMENT HISTORY

Senior React Developer | MeritCare Health System | 2019-03 to Present

Lead development of patient portal and internal dashboards using React, Redux, and GraphQL. Implemented SSR for improved performance and SEO.

React Developer | Sanford Health | 2016-02 to 2019-02

Developed and maintained web applications for clinical staff. Introduced unit testing with Cypress and improved build tooling with Webpack.

Junior React Developer | Essentia Health | 2014-01 to 2016-01

Assisted in building patient-facing web forms and internal tools. Gained hands-on experience with React, Redux, and webpack.

Web Developer | North Dakota State University | 2012-06 to 2013-12

Developed and maintained university websites. Worked on SEO improvements and implemented responsive design.

SKILLS

React; Hooks; Redux; GraphQL; Cypress; Server-Side Rendering (SSR); Webpack; Vite; JavaScript; TypeScript; HTML5; CSS3; Node.js; Express; Docker; Yarn; Prettier

EDUCATION

PhD | Computer Science | North Dakota State University

2006-09 to 2012-06

PROJECTS

Patient Portal React App

Migrated legacy patient portal to React with server-side rendering, improving load times by 40%. Technologies used: Redux, GraphQL, SSR.

Internal Dashboard System

Built a real-time dashboard for hospital staff using React, Webpack, and Cypress for end-to-end testing.

CERTIFICATIONS

AWS Certified Developer – Associate

Issued by Amazon Web Services.
