

# Candidate P094

Synthetic candidate profile

## EMPLOYMENT HISTORY

Communications Network Engineer | U.S. Air Force | 2014-03 to 2018-11

Orchestrated network infrastructure, ensuring high availability and secure communications. Implemented robust version control strategies and automated configuration management, reducing deployment times by 40%.

Network Operations Supervisor | U.S. Air Force | 2018-11 to 2021-06

Led a team of 12 in monitoring and maintaining mission-critical systems. Leveraged log management and analysis to proactively identify and resolve issues, ensuring 99.99% uptime for core services.

Release Engineering Specialist | State of California Technology Agency | 2021-06 to 2023-09

Championed the adoption of immutable infrastructure and chaos engineering practices, increasing system resilience by 50%. Orchestrated microservices deployments across AWS, utilizing Terraform and Ansible for efficient infrastructure as code.

Senior DevOps Engineer | San Bernardino County Information Services | 2023-09 to Present

Currently orchestrating release pipelines for telecom infrastructure projects, ensuring seamless deployment with proactive monitoring using Prometheus and Splunk. Mentoring junior engineers in version control strategies and log analysis best practices.

## SKILLS

Version control strategies; Network configuration and troubleshooting; Log management and analysis; Microservices deployment; Infrastructure as Code (IaC); Chaos engineering; Immutable infrastructure; AWS; Terraform; Ansible; Splunk; Prometheus; New Relic

## EDUCATION

Bachelor of Science | Computer Science | University of Maryland Global Campus

2016-09 to 2020-06

## PROJECTS

Disaster Recovery Automation

Developed an automated failover system using AWS and Terraform, reducing recovery time from hours to minutes. Implemented chaos engineering experiments to validate system resilience under failure. Technologies used: Ansible, Prometheus.

## CERTIFICATIONS

AWS Certified DevOps Engineer – Professional

Issued by Amazon Web Services.

2022-01
