

Candidate P114

Synthetic candidate profile

EMPLOYMENT HISTORY

Staff Software Engineer | Stockton Unified School District | 2018-03 to Present

Led the development and maintenance of the district's student information system, overseeing a team of engineers and ensuring high reliability and scalability. Spearheaded the migration of legacy systems to cloud infrastructure, leveraging Azure and Docker.

Senior Software Engineer | San Joaquin County Office of Education | 2012-06 to 2017-12

Designed and implemented REST APIs for educational data exchange, improving data integration and reporting capabilities. Provided technical leadership and mentorship to junior developers, enhancing team productivity.

Software Engineer | California Virtual Academy | 2006-01 to 2012-05

Developed and maintained web-based learning platforms, focusing on database design and front-end technologies. Implemented CI/CD pipelines using Travis CI and GitLab, reducing deployment times by 40%.

Software Developer | EdTech Solutions Inc. | 1999-04 to 2005-10

Built and maintained educational software applications, writing technical documentation and ensuring cross-browser compatibility. Contributed to all phases of the software development lifecycle.

SKILLS

Linux command line; database design; HTML/CSS; technical documentation; HTTP; Docker; REST APIs; Travis CI; GitLab; IntelliJ IDEA; Azure; Python; Bash scripting

EDUCATION

Bachelor of Science | Computer Science | Howard University

1995-09 to 1999-06

PROJECTS

District Data Hub

Developed a centralized data management system to integrate student records from multiple sources, using REST APIs and Azure services. Improved data accuracy and accessibility for staff across 200 schools. Technologies used: Docker, HTML/CSS.

Automated Deployment Pipeline

Designed and implemented a CI/CD pipeline using Travis CI and GitLab, automating testing and deployment processes. Reduced release cycle from weeks to days and increased deployment frequency by 60%. Technologies used: Linux command line, Docker.

CERTIFICATIONS

AWS Certified Cloud Practitioner

Issued by Amazon Web Services.

2020-01

Microsoft Certified: Azure Fundamentals

Issued by Microsoft.

2019-01
