

Candidate P173

Synthetic candidate profile

EMPLOYMENT HISTORY

Project Engineer | Coastal Bend Construction Group | 2012-06 to 2023-08

Supervised commercial construction projects, focused on QA/QC and integration testing of building systems. Led cross-functional teams, ensuring compliance with specifications and schedules.

Freelance Developer | Self-employed | 2024-01 to 2024-08

Developed a real-time chat application using WebSockets and React, deployed via CI/CD pipeline. Wrote integration tests with Jest and used GitHub for version control.

SKILLS

Jest; WebSockets; React; Build automation (CI/CD); Bundlers (Webpack, Vite, Rollup); Integration testing; Node.js; SQL; Jira; Postman; GitHub; Visual Studio Code; React DevTools; Python

EDUCATION

PhD | Civil Engineering | Texas A&M University

2006-09 to 2011-06

PROJECTS

Real-time Chat App

Built a real-time chat application with WebSockets, React, and Node.js. Implemented authentication, message history, and online presence. Used Jest for integration testing and set up CI/CD with GitHub Actions.

CERTIFICATIONS

AWS Certified Developer – Associate

Issued by Amazon Web Services.
